

IMAGINE

MANY CHILDREN WITH AUTISM

Need very little sleep
Do not play with toys
Hate to be hugged
Love to run away
Scream a lot
Are very late to be toilet trained
Have a very limited diet
Hate change
Have obscure obsessions
Don't make friends
Are afraid and alone

**IMAGINE BEING THAT CHILD
IMAGINE BEING THAT CHILD'S PARENT**

AND REMEMBER

**EVERY CHILD WITH AUTISM BECOMES
AN ADULT WITH AUTISM**
